ITALO-AUSTRIAN TENSION  
HEARS BREAKING POINT

Italians Said to be Awaiting  
Newton Complaint to Start In.  
French and German Reports  
Are Very Contradictory.

(By Times Special Cable.)  
London, April 18.—Whether the negotiations between Rome and Vienna concerning Italy's demands for territorial concessions have been broken off remains for the moment an official secret, but it appears to be universally agreed that the tension is approaching the breaking point. It is suggested here that the Italian Foreign Office is awaiting an ultimatum from Vienna on the subject of Italy's military preparations along the frontier, as a pretext to over the remaining ties barring an outbreak of hostilities.

The alertness with which every move, diplomatically or otherwise, made by Italy, is now followed in London, indicates the high importance attached here to efforts to bring Italy to the fighting line. One of the main reasons advanced for this desire to include Italy in the partnership of the allies is that in no other way is it possible to close so effectually the door through which supplies are still reaching the Teutonic combatants in considerable amount.

A case in point is the confiscation by the Swiss authorities, announced in Geneva to-day, of a carload of machine guns of American manufacture, which was on the way to Germany from Genoa. Shipments of iron, copper, antimony and sulphate have been reaching Germany with a fair degree of regularity.

GERMAN AIR MEN DO  
NOT SPARE HOSPITALS

At hospital, where Mrs. Harry H. Whitley established at July, 1914, and which is an auxiliary to the hospital at Jolly, in Italy, is being targeted. It was learned yesterday. So many demands have been made on the hospital, and so many wounded have been brought there from the hospitals across the front, that the accommodation is taxed and provisions are being made to enlarge the institution from 120 beds, its present capacity to 200. Dr. George Brewer, of New York, went to go over and work in the hospital in Italy. He will continue for a more number and more doctors. Mrs. Whitley is about to leave New York in about ten days.

# DR. J. C. SMITH'S SERMON AT CHURCH OF THE WAR

Equilibrant Sermon by Former Pastor of Centenary.

References to the War and its Lessons.

Rev. J. C. Smith, of Montreal, formerly of Centenary Methodist Church, delivered a powerful sermon at Church of the War, last evening. He took his text from the prophet Isaiah, relating to the Jews' exile in Babylon, and their return to their native land.

His text was Isaiah 40:1-5. "The voice of him that saith: Prepare the way of the Lord, make straight in the desert a highway for our God. Every valley shall be exalted, and every mountain and hill shall be made low: the thorns shall be broken down, and the briers shall be cut down: the rough shall be made plain, and the crooked shall be made straight: and the glory of the Lord shall be revealed, and all flesh shall see it together: for the mouth of the Lord hath spoken it."

Dr. Smith said that the Jews' exile in Babylon was a type of the exile of the world. He said that the Jews' return to their native land was a type of the return of the world to God. He said that the Jews' exile in Babylon was a punishment for their sins, and their return to their native land was a reward for their repentance.

Dr. Smith said that the world is in a similar state of exile. He said that the world is in a state of sin, and it is in need of repentance. He said that the world is in need of a savior, and that savior is Jesus Christ.

Dr. Smith said that the world is in need of a savior, and that savior is Jesus Christ. He said that the world is in need of a savior, and that savior is Jesus Christ. He said that the world is in need of a savior, and that savior is Jesus Christ.
